

Get to know the brands. (these will be displayed on the Minutes and Miles brand page of their new website.)

Altra

Altra shoes were created by runners for runners. The company has developed high-quality running shoes tested in the toughest running conditions. These shoes are designed for more room at the toes creating more space and less stress on your feet. There are many styles designed perfectly for maximum comfort and longevity. Altra also has comfort as a top priority in all their shoe styles whether you're at the gym or hiking. Not to mention other gear for different weather conditions.

Astral

Astral is a company full of wilderness enthusiasts. Their gear is built potent from maximum soil and water. Specializing in shoes with the grippiest rubber and life jackets, Astral doesn't use any toxic materials and develops its products on a biodynamic farm. They use recycled and natural materials to create all their products. This brand is perfect for many outdoor sports like Kayaking, rafting, fishing, running, and more. Purchase an Astral product before your next adventure.

BibBoards

Say goodbye to uncomfortable safety pins on bibs. BibBoards has created snap and lock bib clips for runners. They are 100% recyclable and reusable using bio-based and environmentally friendly materials. These clips have been tested on the hardest races and are the perfect way to keep a bib secure while still being comfortable. Tons of fun clips can be found in-store and online today.

Black Diamond

Black Diamond is all about mountain sports. From the first wire gate carabiner they have been creating revolutionary equipment. Black Diamond is most known for their clean climbing gear that doesn't damage rock. Besides high-quality climbing gear though, they create apparel for other sports such as skiing, snowboarding, running, and hiking. Such products can be found online here, or in our store.

Blueview

The world's first biodegradable shoe for those committed to the planet. The Blueview sneaker is fully made out of plant-based materials and is completely sustainable for a waste-free life cycle. It is just as high quality as a normal shoe except without harming the planet. The sneakers can also be adjusted from a loafer to a slip-on for desired style and comfort. Save the planet with us and purchase your first biodegradable shoe today.

Bolle Safety

Bolle Safety is a leading solution for eyewear and helmets worldwide. They have the most advanced safety eyewear design and have created the safest products for the most extreme sports. Bolle has advanced options for athletes in need of both normal and prescription eyewear. Stay safe and purchase a pair today.

Camelbak

From what started as an IV bag filled with water and stuffed into a sock, to hydration packs all around the world, Camelbak is a household name for hands-free water drinking. They are the leading maker of hydration solutions so much so that a hydration pack is simply called a Camelbak. Camelbak supplies an assortment of drink products and accessories that can be found at our store.

Cep

Known for performance gear ranging from maximum, medium, and lightweight support. Cep is known for its support sleeves and compression and normal apparel for the entire body. Compression apparel is perfect for outdoor running, hiking, and skiing to keep the body happy and healthy. Their products make a huge difference for athletes when training, performing, and recovering. Keep your body healthy and shop Cep apparel here or in our store.

Chicknlegs

Chicknlegs creates fun, comfortable, and affordable apparel for distance runners. From what started as a joke, Chicknlegs has redefined what it means to have “chicken legs” and has inspired greatness with funky and noticeable designs along the way. In need of some running apparel that stands out and gets you the most compliments? Minutes and Miles has you covered with online and in-store Chicknlegs apparel options.

Ciele

Focusing on performance, protection, and the best movement Ciele has you covered. A sportswear brand designed for athletes of all kinds. Known for sports caps and apparel Ciele adds reflective details on their products to keep you safe and visible from dusk to dawn. Their caps also have more protection from the sun than most and apparel is lightweight for a cooler run. Safety is important for athletes so don't take any chances and buy here.

Coros

Coros is a sports technology company known for its fitness and GPS watches. The watches combine high-grade hardware with innovative technology to provide endurance athletes with

gear they can rely on in the most extreme environments. These watches are perfect for runners and have been designed and tested for athletes by athletes.

Craft

Craft products aim for optimal performance. They've created functional sportswear raised to race. Known for apparel that keeps people dry and at optimal temperature in all weather. No matter what sport or exercise the apparel is perfect for warm or cold weather. Purchase craft apparel here for optional performance.

Curex

Many shoes have ineffective insoles that do nothing to promote foot health for athletes. Currex is all about creating insoles for comfort and support. These insoles increase performance and reduce pressure on your feet. This leads to less body fatigue and helps with injuries. Currex is for running, sports, adventure, and everyday wear. Put less pressure on your feet and buy your first pair of insoles today.

Darn Tough Vermont

Socks that have a purpose of ending food insecurity. Darn Tough Vermont is all about giving back in the form of meals for the hungry. The knit designs promote limiting food waste. There are also many different kinds of socks for different purposes. Check out some new socks and donate in the process.

Feetures

People are meant to move, so Feetures has created products that enhance an active lifestyle. Feetures provides socks for sports, running, recovery, and everyday wear. They have a custom life fit, compression, and extra cushion for your foot's arch. The socks are also made out of recycled materials and can withstand hundreds of miles of running before showing wear. Purchase a pair of socks that are leading the industry in sports.

Garmin

Garmin sells smartwatches and products for automotive, aviation, marine, and outdoor sports. These smartwatches have tons of features like GPS. With lots of different purposes in many different fields take a look at purchasing.

Grand Trunk

Grand Trunk was born out of a love of adventure. They provide travelers with the tools to create their own paths. They are known for high-quality hammocks, chairs, blankets, apparel, and

other outdoor camping and traveling gear. Every sale also gives a portion to the global community. If you are looking for an adventure start by getting your gear here.

GU

The first company to create an energy gel. It was created so that runners could compete in longer trail races and be able to eat key nutrients while running without stomach issues. GU carries hydration, energy, and recovery products that empower and challenge you to achieve personal goals. There is a wide range of products based on the sport and level.

Helinox

Helinox is focused on bringing comfort outdoors so you can always feel at home. They have built furniture perfect for travel. It's also super lightweight, and comfortable. Their furniture has maximum strength for minimum weight. If you are looking for portable furniture this is the brand for you.

Honey Stinger

No matter the sport or exercise everyone can benefit from Honey Stinger sports nutrition products. Products such as waffles, gummies, bars, gels, and hydration products can increase performance and recovery for any sport. Honey is an all-start ingredient used because it is easy to digest, and absorb, and doesn't cause a sugar crash. Honey Stinger can help bring out the athlete in all of us.

Injinji

The very first toe sock is dedicated to the health and performance of feet. These socks are innovative, and all about making the journey of life more comfortable. Injinji socks are 5 toe socks that help enhance the freedom and natural function of the feet inside any shoe. They are perfect for any sports, exercise, or everyday wear.

Jolyn

Competitive swimwear inspired by active women of all shapes and sizes. Jolyn's goal is to have fun, give you confidence, and crush your goals. They have reinvented women's competitive swimwear with better fitting, durable, and more comfortable material. Recycled products help create this long-lasting wear.
